

JOURNAL OF

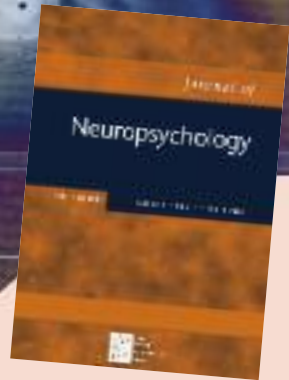

Neuropsychology

The
British
Psychological
Society

Editor Edward de Haan, University of Amsterdam, The Netherlands

The **Journal of Neuropsychology** publishes original contributions to scientific knowledge in neuropsychology. Topics reflect the multidisciplinary character of the field and include clinical and research studies with neurological, psychiatric, and psychological patient populations in all age groups using different methodologies including single-case and group studies, pharmacology, neurophysiology and (functional) neuroimaging.

2009 Institutional subscription rates - £140 GBP; US\$234; €188
