CURRICULUM VITAE

Angeles M. Cheung, Ph.D., ABPP
Board Certified Clinical Neuropsychologist

Mailing Address: 2218 Jackson Avenue, #609, Long Island City, NY 11101 (this address is staffed 24x7 to receive packages)
Office Address: 600 Third Ave, 2nd Floor, New York, NY 10016 and other locations
Telephone: (646) 256-1195
Email: Angeles.Cheung@gmail.com
Website: www.NeuropsychologicalEval.com

CITIZENSHIP: Dual citizen of the United States and Hong Kong, SAR, China.

LANGUAGES: English, Cantonese, Mandarin.

EDUCATION

2006 Ph.D., Psychology, Clinical Neuropsychology Track (*formerly the Neuropsychology Subprogram*)
The Graduate Center, City University of New York
2004 M.Phil., Psychology, The Graduate Center, City University of New York
2002 M.A., Psychology, Queens College, City University of New York
1999 B.A., Psychology, California State University at Long Beach

DIPLOMATE

Board Certification in Clinical Neuropsychology, American Board of Professional Psychology #8260 11/18/2016

LICENSURE & CREDENTIALS

Licensed Psychologist	Massachusetts # 9052 New York # 018003 New Jersey # 35SI00601700 Hawaii # 1987	Issued: 08/21/2009 Issued: 02/25/2009 Issued: 11/01/2018 Issued: 03/08/2022	Status: Active Status: Active Status: Active Status: Active
Others	NPI # 1316182512 Telepsychology Competencies NYS Workers' Compensation Board WC Rating Code: PSYWC #:S18003-4I (<i>last digit is a capital "I"</i>)	Issued: 12/03/2008 Issued: 05/01/2023 Issued: 01/17/2017	Status: Active Status: Active Status: Active

PROFESSIONAL APPOINTMENTS

2009 – **Adult Clinical and Forensic Neuropsychologist** - Independent Practice, New York, NY and Present other locations.

- Services also available in Mandarin and Cantonese
- Diagnostic clarity and treatment planning
- Forensic / medicolegal evaluations (e.g., Independent Neuropsychological Examination / Neuropsychological IMEs, Older Adults Capacity Evaluation)
- Criminal and civil litigation cases involving suspected or confirmed brain injury, dementia, movement disorders, and other neuropsychiatric disorders
- Depositions and trial testimonies for criminal and civil cases

(Revised July 2026)

2014 - Present **Clinical Instructor** - Department of Rehabilitation and Human Performance at the Icahn School of Medicine at Mount Sinai, New York, NY.

- Neuropsychology seminar series for predoctoral trainees.

2022 - Present **FAA HIMS-Qualified Neuropsychologist** - New York, NY and other locations.

- Evaluations of current or aspiring pilots and air traffic controllers to meet the Federal Aviation Administration's (FAA) psychological and neuropsychological testing requirements
- Work with FAA to help preserve aviation careers and enhance air safety

EMPLOYMENT HISTORY

11/2014 – 12/2017 **Senior Clinical Neuropsychologist.** Mount Sinai Hospital, Department of Rehabilitation Medicine. New York, NY.

- Clinical evaluations and treatment of traumatic brain injury, stroke, memory disorders
- Led weekly didactic seminars in adult neuropsychological assessment
- Management and supervision responsibilities for predoctoral and postdoctoral trainees

09/2009 – 01/2014 **Staff Neuropsychologist**, Division of Cognitive and Behavioral Neurology, Brigham and Women's Hospital, Boston, MA.

Instructor of Psychiatry, Harvard Medical School, Boston, MA.

- Clinical evaluations and treatment of a wide range of disorders including traumatic brain injury, brain tumors, multiple sclerosis, memory disorders, movement disorders, epilepsy and psychiatric illnesses
- Wada testing – presurgical patients with epilepsy
- Supervision of psychometrists, predoctoral and postdoctoral trainees affiliated with Harvard Medical School
- Teaching responsibilities – didactic seminars in adult neuropsychological assessment
- Interdisciplinary team meetings - monthly presentation of clinical cases
- Consultant in academic and research grant submissions to improve the quality of patient care

CLINICAL SUPERVISION

01/2018 – Present **Clinical Instructor**, Icahn School of Medicine at Mount Sinai. New York, NY.
<https://profiles.mountsinai.org/angeles-m-cheung#education-certification>

11/2014 - 12/2017 **Senior Neuropsychologist, Full-Time Faculty Member.** Icahn School of Medicine at Mount Sinai. New York, NY.

09/2009 - 01/2014 **Staff Neuropsychologist, Full-Time Faculty Member.** Brigham and Women's Hospital, Boston, MA.

08/2006 – 07/2008 **Postdoctoral Fellow in Clinical Neuropsychology and Neuroimaging.** Dartmouth-Hitchcock Medical Center, Lebanon, NH.

PROFESSIONAL AFFILIATIONS AND ACTIVITIES

2024-present Volunteer Mandarin and Cantonese Instructor, National Alliance on Mental Illness
2023-present Member, CaringKind Chinese Advisory Board

2021-present Member, Publications Committee, American Academy of Clinical Neuropsychology
 2020-present Member, Education Committee, Asian Neuropsychological Association
 2018-present Member, National Academy of Neuropsychology
 2016-present Member, American Board of Clinical Neuropsychology and American Academy of Clinical Neuropsychology
 2020-present Member, New York Neuropsychology Group

NEUROPSYCHOLOGICAL EVALUATION EXPERIENCE

Evaluated approximately 2,300 individuals as of 2025 to delineate the extent of psychopathology and/or neuropathology.

PSYCHOTHERAPY EXPERIENCE

Providing individual and family psychotherapy to individuals diagnosed with a wide range of mental disorders.

COGNITIVE REHABILITATION EXPERIENCE

Utilizing peer-reviewed methods to help individuals overcome or compensate for their thinking, emotional, and behavioral problems.

PAST CLINICAL TRAINING

08/2006-07/2008 **Postdoctoral fellow in clinical neuropsychology, Dartmouth-Hitchcock Medical Center, NH.**

Supervisors: Laura A. Flashman, Ph.D., ABPP, Heather A. Wishart, Ph.D., Robert M. Roth, Ph.D., Arthur C. Maerlender, Ph.D., ABPP.

- Evaluated outpatients with memory disorders, movement disorders, epilepsy, traumatic brain injury, brain tumors, multiple sclerosis, developmental delays, and psychiatric illnesses
- Performed IMEs supervised by a ABPP board-certified clinical neuropsychologist
- Performed and presented results from Wada testing at weekly epilepsy surgery conference
- Co-organized and attended didactic seminars in neuropsychology
- Attended seminars in neuropathology, neurology mega rounds, and neuroradiology
- Actively involved in supervision and training of externs, interns, and psychometrists in test administration

08/2006-07/2007 **Postdoctoral fellow in clinical neuropsychology, Acute Psychiatric Services, New Hampshire Hospital, Concord, NH.**

Supervisors: Laura A. Flashman, Ph.D., ABPP, Thomas W. McAllister, M.D., Richard B. Ferrell, M.D.

- Neuropsychological evaluations of inpatients with neuropsychiatric disorders
- Weekly case presentations with a multidisciplinary team consisting of neuropsychologists, behavioral psychologist, neuropsychiatrists, neurologist, and other mental health workers
- Participated in inpatient treatment and discharge plans

09/2004-08/2005 **Predoctoral intern in clinical neuropsychology, Long Island Jewish Medical Center, NY (APA-approved internship).**

Supervisors: Kenneth Perrine, Ph.D., ABPP, Paul Mattis, Ph.D., ABPP, Kunsang Gyato, Ph.D.

- Four rotations (3-months each) in Adult Neurology, Adult Neuropsychiatry, Pediatric Neuropsychology, and combined Adult Neurology / Pediatric Neuropsychology across inpatient

and outpatient settings

- Interviewed patients and obtained collateral reports, administered and scored neuropsychological measures, reviewed neurodiagnostic data, and generated reports to assist with differential diagnosis and customize treatment recommendations
- Actively participated in weekly didactic seminars in adult and pediatric neuropsychology, neuroanatomy, and neuroradiology
- Assisted with Wada testing and intraoperative cortical mapping, and observed neurosurgery and brain cutting

09/2004-08/2005 **Predoctoral intern therapist, Zucker-Hillside Hospital, North Shore-LIJ Health System, NY.**

Supervisors: Gregory Hinrichsen, Ph.D., Elihu Turkel, Psy.D.

- Conducted weekly individual psychotherapy utilizing an eclectic approach
- Formulated case, conducted mental status evaluation, planned treatment options in weekly supervision, and wrote weekly progress notes

09/2003-08/2004 **Neuropsychology extern, Memorial Sloan-Kettering Cancer Center, NY.**

Supervisor: Denise D. Correa, Ph.D., ABPP.

- Neuropsychological evaluation of pediatric and adult patients with brain tumors (inpatient and outpatient settings) with or without history of chemo- and/or radiation therapy
- Assessed adult outpatients with memory disorders, traumatic brain injury, HIV-related cognitive impairment, and psychiatric co-morbidities
- Administered and scored test batteries, reviewed neurodiagnostic data, and generated reports to assist with differential diagnosis and customize treatment recommendations

06/2003-08/2003 **Neuropsychology extern, Comprehensive Epilepsy Center, NYU Medical Center, NY.**

Supervisors: William B. Barr, Ph.D., ABPP, Eric Brown, Ph.D., ABPP.

- Assessed pediatric and adult inpatients with epilepsy and non-epileptic seizures
- Performed intake with patient and/or informant, administered and scored neuropsychological measures, reviewed neurodiagnostic data, and generated reports to assist in localizing seizure onset and/or determining surgical candidacy
- Assisted with Wada testing and intraoperative cortical mapping, and attended brain cutting seminars
- Participated in weekly epilepsy conference at NYU Medical Center and weekly case conference at Bellevue Hospital

01/2003-06/2003 **Neuropsychology extern, Transitions of Long Island, Manhasset, NY.**

Supervisors: Deborah Benson, Ph.D., ABPP, Anne-Marie Donovan, Ph.D.

- Led weekly cognitive rehabilitation group of outpatients recovering from acquired brain injury
- Taught skills for daily living and strategies to facilitate or enhance working memory, planning and organization, and decision-making skills
- Performed neuropsychological assessment of inpatients and outpatients with acquired brain injury, stroke, anoxia, and encephalitis to establish baseline functioning and/or monitor changes over time
- Administered and scored test batteries, reviewed neurodiagnostic data, generated reports to characterize cognitive functioning, and participated in treatment and discharge plans with multidisciplinary team

08/2002-12/2002 **Neuropsychology extern, Sergievsky Center of Neurological Disorders, Columbia University Medical Center, NY.**

Supervisors: Yaakov Stern, Ph.D., Jennifer Manly, Ph.D.

- Assessed outpatients with memory complaints
- Interviewed patients, administered and scored neuropsychological measures, and integrated medical history to generate reports to clarify or exclude formal diagnosis of a memory disorder
- Customized treatment recommendations and presented at weekly case conference

09/2001-01/2002 **Neuropsychology extern, Department of Neurology, Mount Sinai Medical Center, NY.**
Supervisor: Joan C. Borod, Ph.D., ABPP.

- Assessed inpatients and outpatients with developmental or neurologic disorders
- Performed comprehensive neuropsychological evaluations, reviewed records, and wrote reports to assist with differential diagnosis and treatment recommendations

RESEARCH EXPERIENCE

08/2006 – 07/2007 **Postdoctoral fellow in clinical neuropsychology, Section of Neuropsychiatry, Department of Psychiatry, Brain Imaging Lab, Dartmouth Medical School, Lebanon, NH.**
Explored the ecological validity of performance-based measures of executive functions. Analyzed data from self and informant reports on the Behavior Rating Inventory of Executive Function- Adult version (BRIEF-A). In collaboration with Thomas W. McAllister, M.D., Matthew A. Garlinghouse, Ph.D., Robert M. Roth, Ph.D., Heather A. Wishart, Ph.D., & Laura A. Flashman, Ph.D., ABPP.

08/2007 - 07/2008 **Postdoctoral fellow in clinical neuropsychology, Section of Neuropsychiatry, Department of Psychiatry, Brain Imaging Lab, Dartmouth Medical School, Lebanon, NH.**
Pre-processed and analyzed structural imaging data (voxel-based morphometry). Assessed the relationship between gray and white matter density and neuropsychological functioning in healthy controls and patients with mild traumatic brain injury. In collaboration with Thomas W. McAllister, M.D., Matthew A. Garlinghouse, Ph.D., Robert M. Roth, Ph.D., Heather A. Wishart, Ph.D., & Laura A. Flashman, Ph.D., ABPP.

09/2004-05/2006 **Doctoral dissertation, Neuropsychology Subprogram, Graduate Center, City University of New York.**
“Mechanisms of action of antiepileptic drugs and fine motor dexterity in generalized and localization-related focal epilepsies.” In collaboration with William B. Barr, Ph.D., ABPP, NYU Comprehensive Epilepsy Center. Committee: Susan Croll, Ph.D., Joshua Brumberg, Ph.D., Alan Ettinger, M.D., Charles Zaroff, Ph.D., Marla J. Hamberger, Ph.D.

09/2003 – 08/2004 **Research Assistant, Department of Neurology, Memorial Sloan-Kettering Cancer Center, NY.**
Administered and scored neuropsychological tests for longitudinal studies of survivors of brain tumors before and after chemotherapy and/or radiation treatment. Managed research and clinical databases, and performed statistical analyses. Supervisor: Denise D. Correa, Ph.D., ABPP.

09/2001 – 08/2003 **Research Assistant, Department of Child & Adolescent Psychiatry, Mount Sinai Medical Center, NY.**
Administered and scored neuropsychological tests for longitudinal studies of adolescents with Attention Deficit/Hyperactivity Disorder (ADHD). Tests included the Structured Clinical Interview for DSM-IV-TR Axis II Personality Disorders (SCID-II). Actively involved in data collection for fMRI study of response inhibition. Presented at weekly laboratory meetings and monthly journal club meetings. Recruited healthy volunteers and adolescents with ADHD, analyzed data, and managed research databases. Supervisors: Jeffrey Halperin, Ph.D., Jeffrey Newcorn, M.D.

- 09/2000 - **Master's Thesis, Queens College, City University of New York.**
08/2002 "The relationship of behavioral inhibition to executive functions in young adults." Investigated Russell Barkley's theory of behavioral inhibition in relation to the construct of executive functions in healthy adults. Collected, analyzed, and presented data at INS, and published findings in the Journal of Clinical and Experimental Neuropsychology. Supervisor: Jeffrey Halperin, Ph.D.
- 09/2000 - **Research Assistant, Department of Psychiatry, Mount Sinai Medical Center, NY.**
06/2001 Recruited healthy volunteers and patients with schizotypal personality disorder for fMRI study of response activation during a visual-spatial working memory task. Conducted training sessions for fMRI task prior to scanning. Supervisor: Harold Koenigsberg, M.D.
- 09/1998 - **Research Assistant, Department of Psychology, California State University, Long Beach.**
05/1999 Examined opiate tolerance and conditioned place preference in rats and mice, and built equipment for data collection. Performed stereotaxic surgeries to localize reward pathways. Supervisors: Kenneth F. Green, Ph.D.
- 06/1998 - **Program Scholar, NIMH-funded Summer Research Opportunities Program, University of California, Berkeley.**
09/1998 Investigated abstract reasoning skills of children with autism or Asperger's Syndrome. Transcribed, coded, and analyzed data, and presented paper at UCB. Supervisor: Lisa Capps, Ph.D.
- 09/1997 - **Undergraduate Thesis, California State University at Long Beach.**
06/1998 The relationship of perceived parental shaming to adolescent delinquency in an underprivileged and ethnically-diverse neighborhood. Explored covariates such as ethnicity, gender, and perceived influence from peers on the development of delinquency. Supervisor: Avery Goldstein, Ph.D.

AWARDS & HONORS

2002	University Fellowship, Graduate Center, City University of New York
2003	Predoctoral Student Research Award, New York Neuropsychology Group
1998	Minority Undergraduate Student of Excellence, American Psychological Association
1998	UC Berkeley Summer Research Opportunity Program (SROP)
1997 - 1999	Program Scholar, Career Opportunities in Research, Education and Training Program, NIMH
1995 - 1999	President's Honors List, California State University at Long Beach
