

GOLDFINCH
Neurobehavioral Services, LLC

JOB POSTING

- Job Title: Pediatric Neuropsychologist
 - Direct Supervisor: Clinic Director
- Compensation: Competitive & commensurate with credentials/experience

The Company

Goldfinch Neurobehavioral Services, LLC is a thriving pediatric mental health clinic. We provide neuropsychological evaluations for children and are dedicated to having a meaningful impact on the lives of our patients. We strive to achieve this by providing a supportive atmosphere that gives families the tools they need to establish stability and a strong sense of direction in their lives. Goldfinch Neurobehavioral Services, LLC is located in Eden Prairie, Minnesota, approximately 15 miles south/southwest of downtown Minneapolis and St. Paul.

The Position

We are currently looking for a pediatric neuropsychologist to join our team! At Goldfinch Neurobehavioral Services, LLC we pride ourselves on offering evidence-based services. We are in need of a pediatric neuropsychologist or pediatric psychologist with experience completing comprehensive neuropsychological evaluations for children ages birth to 18 years. Common presenting concerns include:

- Autism Spectrum Disorder
- ADHD
- Learning Disabilities
- Fetal Alcohol Spectrum Disorder
- Anxiety Disorders
- Mood Disorders
- Behavior Disorders
- History of Premature Birth
- Chromosomal Differences
- History of Concussion
- Intellectual Disability
- Language Disorder

Responsibilities

- Conduct neuropsychological evaluations as directed by clinic
- Provide verbal feedback to parents outlining results and treatment recommendations

- Communicate evaluation results to medical providers, mental health professionals, and schools in verbal and written form, as needed
- Generate comprehensive reports detailing clinical impressions and recommendations according to clinic standards
- Comply with licensing board regulations and professional ethics codes

Requirements

- Doctoral degree in Psychology from an accredited academic program
- Post-doctoral training in Pediatric Neuropsychology preferred
- Full, unrestricted license as clinical psychologist in Minnesota
- Strong interpersonal, written, and verbal communication skills
- ADOS training or openness to training preferred
- Ability to establish strong rapport with patients and their families
- Ability to communicate with other professionals involved in patient care
- Ability to integrate issues related to culture in case conceptualization
- Ability to engage with patients experiencing severe cognitive difficulties and/or emotional/behavioral challenges
- Ability to provide case consultations for colleagues
- Ability to adapt evaluations to each patient's presenting concerns and to modify test list as patient profile emerges during evaluations
- Demonstrate high level of professionalism at all times
- Ability to intervene as necessary to protect patient safety

Salary/Benefits

- 1099 contract positions & W2 employee positions both available
- Generous salary for W2s/percentage split for 1099s
- Flexible scheduling
- Part- time and full-time scheduling options available
- Full credentialing and access to all established group contracts
- Full-time administrative support for scheduling, intake paperwork follow-up, records request follow-up, patient check-ins, and financial transactions
- Full billing support including claims submission and follow-up on unpaid claims, invoicing to families, and collection of outstanding balances
- Access to a large test library
- Opportunities for on-site case consultation
- Opportunities for additional case work to increase take-home pay as desired
- Steady referral stream with clinician schedules booking out several months
