## **Oversized Vehicles for Valet Parking**

The garage height limit is 6 feet, 6 inches. An oversized vehicle is one that exceeds 78" in height (6'6") or 226" Length or 81" width. Vehicles that match or exceed these dimensions do not fit in our parking garage and cannot be valet parked. Please note vehicles that have a roof rack or roof storage will likely NOT fit in the garage. Due to safety and security concerns, we are not able to keep Oversized vehicles on the front drive of the hotel.
