

CALL FOR NOMINATIONS KAREN POSTAL OUTSTANDING MENTORSHIP AWARD

The Karen Postal Outstanding Mentorship Award honors the importance of mentoring in the field of neuropsychology, as well as the dedication and impact of individuals with a distinguished record of guiding, teaching, advising, and encouraging students and colleagues, including those who are connected to few other resources in the field.

This will be a non-monetary award. An honorary plaque will be presented at either the AACN conference or SCN conference, as selected by the recipient.

Nominees must meet the following criteria:

- Clinical neuropsychologist and member of either SCN or AACN.
- Have significantly impacted the professional work and personal development of mentee(s) as illustrated in 2 testimonial letters and broadly evident in their vita.
- Nominees will generally be individuals who have been teaching, working, mentoring, and/or supervising in the field for at least 10 years, but early career professionals will certainly be considered.

Submission Guidelines: Nominations and self-nominations are welcome. Nominators must be a student or professional member of SCN or AACN.

The nomination materials should include, in a single submission:

- Two testimonial letters, each no longer than two (2) pages

- A recent copy of the nominee's vita. The format is flexible, but the individual's broader role in mentorship activity should be evident, as that will be the primary focus of vita review.
- A maximum of four (4) supplemental letters from mentees may be added in an Appendix.

Please submit the above materials as a single submission to Deborah.hoffnung@commonspirit.org. Questions about the award or submission process can also be directed to Dr. Hoffnung at the above email address.

Submission deadline: Friday, October 21st
